

# Penair PTA Association of Parents & Friends of Penair School (APFPS)

## “Success Through Partnership”

The PTA exists to promote the partnership of parents, teachers and students and to support the work of the school in helping to promote learning and to develop links with faculties in school.

A constructive and helpful dialogue between parents and school is very important in contributing to the effectiveness of our childrens education. We work proactively to profile the importance of this relationship by supporting and promoting activities and events within the school community.  
The PTA continues to grow and all parents are invited to join the association.
