

GCSE
Presentation Evening
Wednesday 13th December 2017

Guest of Honour: Timothy Parker

Since leaving Penair School, Tim has kept himself busy. In the summer holidays following his final day at Penair, he flew to Japan for a month with around 20,000 other scouts as part of the World Scout Jamboree.

Tim left Penair and went on to study A Levels at Exeter Mathematics School. His proudest achievement (besides his GCSE results) was setting up the annual Maths School Starcraft Tournament (Starcraft being a kind of video game), which is running again this year, despite Tim having left the school.

Whilst at Exeter maths school, Tim was interviewed a few times for various radio and television appearances. A highlight was performing a maths trick for a BBC Spotlight South West program; the video proved to be extremely popular, and for which Tim received the dubious honour of sharing the BBC homepage with Donald Trump!

Tim is now studying Maths at Jesus College, Oxford and reflects that he would not be where he is today without the amazing support he had during his time at Penair. He is looking forward to seeing friendly faces again and to hopefully inspire other students and make them realise that this awards evening is just the beginning.
