

GCSE Presentation Evening @ Penair School

We are very proud of all our students at Penair and annually welcome back our year 11 leavers and their families to join us in a celebration of their achievements in their final year of schooling.

Each year we host a keynote speaker, often a member of the Penair School Alumni, to share with us some inspirational life experiences. Our keynote speakers presents awards in all examination subjects at every level to the students who have achieved highly academically and to those who have impressed the staff with their commitment to learning. Special awards are presented to individual students who stood out across the year, both academically and personally. GCSE certificates are also presented to all students at this event.

At Penair our motto 'disce ut vivas' (learn in order to live) is partnered with 'live to learn,' and we always enjoy hearing about and celebrating the continued learning journey our ex-students take after they have left school. We recognise learning in all avenues whether through the more traditional academic route or just through the experiences that life throws at us. Once you are a Penair student you remain a member of the Penair family, and we are always interested in hearing about where you are and what you are doing.

GCSE Presentation Evening 2020: date tbc

Keynote: tbc
