Self-help information provision	
Type of provision	Details
Careers resources-career pilot UCAS Prospects	Continued focus on Career pilot as our software of choice.
Careers pages on website	Updated
Digital and social media (texts, tweets, display screens)	With admin support
Noticeboards and displays	Being reviewed and updated.

Sheet 6 – Evaluation

Student voice –review September 2022

In December 2022 I approached a group of Year 11 students to ask them about careers provision in the school.

- Students were keen for more interactive employer days such as the BBC event, STEM events and whole year trips.
- They were keen to continue visits to local Colleges for taster days including visiting other colleges.
- Residential trips to University
- Students really embraced the idea of inviting more employers into school.
- Using our own students experience should also be valued- Year 11s telling students about their options.

Governing Body

Regular meetings with the link Governor Rob Ingram who has reviewed both the careers policy and annual plan.

Governors to review and agree the policy and annual plan on a two yearly basis.

Recent Government publications on Careers Strategy and Statutory Guidance

Careers guidance and access for education and training providers.

July 2022

[Destinations data - Good practice guide](#)

[Education \(Careers Guidance in Schools\) Bill](#)- Due for consultation March 2023, seeks to extend careers education extended to Year 7, at present this is only required from Year 8. We already start Careers Education In year 7.

Eight benchmarks for Careers Education and Guidance

1. A stable careers programme
2. Learning from career and labour market information
3. Addressing the needs of each pupil
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experiences of workplaces
7. Encounters with further and higher education
8. Personal guidance
